

FACIAL SHIELD

Rating: Not Rated Yet

[Request More Information](#)

Description

A great way to protect yourself and your customers while working.

The shield is made of a semi rigid clear plastic with a sturdy frame. It will fit most heads with an adjustable elastic band at the rear. The shield is designed to sit about 30mm from your face and is comfortable to wear even if you use reading glasses.

It is easy to clean and can be used every day.
